The video above shows you how to replace the battery in your 2008 Dodge Charger. We recommend changing the battery in Dodges every 4 years. Although some batteries last much longer, most batteries begin breaking down chemically after four years, so you could experience dimmer headlights and other negative effects before you have a dead battery in your Charger that you need to replace.

Few companies have had the impact on the landscape of American automotive engineering that Chrysler has had. Hailing from the United States' own Motor City of Detroit, Chrysler has produced at least two of America's main brands of car - Dodge and Jeep, which have each gone on to symbolize the most American elements of the automobile.
