Overseas Tankship (UK) Ltd v Morts Dock and Engineering Co Ltd, commonly known as Wagon Mound (No. 1), is a landmark tort law case, which imposed a remoteness rule for causation in negligence. The Privy Council held that a party can be held liable only for loss that was reasonably foreseeable. Contributory negligence on the part of the dock owners was also relevant in the decision, and was ...

dock 1 (dɒk) n. 1. a. A platform extending from a shore over water, used to secure, protect, and provide access to a boat or ship; a pier. b. docks An area along a commercial waterfront having docks or piers. c. The area of water between two piers or alongside a pier that receives a vessel for loading, unloading, or repairs: The boat moved slowly into ...

Dock - definition of dock by The Free Dictionary

In British English, a dock is an enclosed area of water used for loading, unloading, building or repairing ships. Such a dock may be created by building enclosing harbour walls into an existing natural water space, or by excavation within what would otherwise be dry land.
