Buda Engine was founded in 1881 by George Chalender in Buda, Illinois, to make equipment for railways. Later based in Harvey, Illinois, Buda from 1910 manufactured engines for industrial, truck, and marine applications. Early Buda engines were gasoline fueled. Later, diesel engines were introduced, utilizing proprietary Lanova cylinder head designs, injection pumps and nozzles.

While not all engine stands are created equal, they do all share the majority of their dimensions and features. After all, they all do the same job, hold essentially the same engines dictating that they all be approximately the same size and shape, have the same brackets, attachments and basic features.

Tribeca / t r a i ' b e k ə /, originally written as TriBeCa, is a neighborhood in Lower Manhattan, New York City. Its name is a syllabic abbreviation of "Triangle Below Canal Street". The "triangle", or more accurately, a trapezoid, is bounded by Canal Street, West Street, Broadway, and Chambers Street. More recently, a common marketing tactic has been to extend Tribeca's southern boundary ...
