The first production Familia, styled by a young Giorgetto Giugiaro while working at Carrozzeria Bertone, appeared in October 1963. In line with Mazda's policy of only gradually approaching the production of private cars (a luxury in Japan at the time), the first Familia was initially only available as a commercial two-door wagon called the Familia van.

What's a Downpipe? Technically, the "downpipe" section of an exhaust system connects the headers or exhaust manifold to the catalytic converter(s). For most vehicles, the downpipe section is essentially incorporated with the catalytic converter section, and since there's very little performance or fuel economy benefit
