Schematics of radios :: Schematic of programmer :: Radio ...

The TRS-80 Micro Computer System (TRS-80, later renamed the Model I to distinguish it from successors) is a desktop microcomputer launched in 1977 and sold by Tandy Corporation through their RadioShack stores. The name is an abbreviation of Tandy/RadioShack, Z80 microprocessor. It is one of the earliest mass-produced and mass-marketed retail home computers.

Test Equipment, Amateur Ham Radio and CB schematics for ...

Why do this ? I decided to undertake this effort since most of us that find an older piece of equipment that we always wanted or now want on today's used market often do not get the manual, let alone the service manual and the original manufacturer is either gone or no longer supports the older piece of equipment in any way.

N2CKH Amateur Radio Software™

Allied Radio was founded in 1928. But 6 years prior, "The Radio Shack" company began. Although Radio Shack had been in business since 1921, they did not release their first catalog until 1939. Their wholesale distributor catalog contained radio & electronic equipment, amateur radio &

communication supplies, sound systems and service parts.

Allied Radio & Allied Electronics - 85 Year Catalog Archive

Radio is the technology of signalling or communicating using radio waves. Radio waves are electromagnetic waves of frequency between 30 hertz (Hz) and 300 gigahertz (GHz). They are generated by an electronic device called a transmitter connected to an antenna which radiates the waves, and received by a radio receiver connected to another antenna. Radio is very widely used in modern technology ...

07/18/2018. According to a July 13 article in the New York Post, RadioShack is planning to open "express stores" within HobbyTown USA locations. The nearly century-old, twice-bankrupt retailer has signed a deal with HobbyTown USA to put a mini-RadioShack outlet in some 50 HobbyTown USA stores across the country that would sell items that might appeal to radio amateurs and experimenters.

ARCP TIPS: Several of the features displayed above have additional details here... Tuning: This is the poorest excuse for a RADIO DIAL that I have ever encountered. There is however a good way to use this button. Clicking on the KNOB (???) will toggle the color GREEN and the knob can be manipulated to turn almost like the real dial...yeah sure, but fear not, if you have a wheel mouse a simple ...
